NOT TO SCALE

The **4-Mile** course consists of a first 1-mile loop, then two 1.5-mile loops and a finishing straight.

The course measures approximately 4 miles in length. It is undulating terrain of grass, dirt and some sidewalk.

At the end of the first loop, runners run behind the starting line and make a left turn to head west and begin the second loop. They will make this turn again to enter the third loop and the finish straight.
